

Join The Movement Board Commitment Letter

As a Board of Directors member for *<insert organisation>*, I am fully committed and dedicated to the *Play Their Way* child-first coaching movement:

For all children and young people –regardless of age, background or ability – to have a voice, choice and decide their journey when participating in sport and physical activity, so they develop a genuine and lifelong love for being active.

I pledge to help carry out this mission, consistent with the function of the Board of Directors.
